

Marvis

"Marvis proves itself once again to be a leader in the luxury oral care market with its new mouthwash. Although extremely effective and refreshing, Marvis Mouthwash contains no alcohol, which means no bitter, astringent taste. Packaged in a stylish bottle, inspired by fine perfumes, you definitely will not want to hide this in your medicine cabinet." \$22.50 at Holt Renfrew

Aqua (Water/Eau), Glycerin, Poloxamer 407, Sodium Lauryl Sulfate, Aroma (Flavor), Propolis Extract, Sodium Saccharin, Xylitol, Sodium Benzoate, Benzyl Alcohol, Citric Acid, Limonene, CI 42090(FD&C Blue no. 1), CL19140 (FD&C Yellow No.5).

This Italian toothpaste brand recently came out with this concentrated strong mint mouth wash that is alcohol free. This product contains a couple natural ingredients. It has really strong mint flavor that is fantastic for making your breath fresh and eliminating odor. How you use it is by diluting it, one part mouth wash four parts water. It is a small bottle but when you dilute it, there is much more product than you see. Fantastic packaging, it really adds a nice touch around your sink area. No need to store it in your medicine cabinet! We highly recommend this product.
